

You may have gotten an email asking you to set up SIMS Student, that looks a bit like this:

Selecting Accept Invitation will take you to the following page, which gives you an option to select a sign-in provider. You should select the Sign in with Office 365 option.

Upon selecting this option, you should see a pop up box asking for your email address.

This is your **SCHOOL** email address – in the form **USERNAME@gts.devon.sch.uk**. Hitting next will then ask for your password – this is your school password (the same one you use for the computers).
