

Welcome back to the new school year, we want to remind you to start thinking about your post-16 options. To help with this process, we have compiled a list of dates for open events held by local post-16 providers that will be taking place this term.

These events are a great opportunity for you to explore the different options available to you and to get a feel for each provider. Further information, including how to book directly with the provider, will be available on their respective websites.

We encourage you to discuss these options with your parents/carers and make plans to attend these events to gather all the necessary information to help them make informed decisions about YOUR future.
